# 1 TOILET CLEANER CATEGORY

---

1.1

## Toilet Cleaner Concentrate 5X

Toilet Cleaner Concentrate 5X, manufactured by Swadesh International, is highly thick and concentrated solution. Dilution Ratio of TCC 5X is 5kg Toilet cleaner from 1Kg Concentrate after Adding Water.

Ingredient	Proportion
TCC 5X	1 KG
DM Water	4 KG

pH Range :- ph range :2-2.5  
 Available Flavour :- customized  
 Available Pack Size :- 50kg, 200 kg, 1 Ton IBC

scan QR code  
for watching  
formulation video

1.2

## Toilet Cleaner Concentrate 40X

Toilet Cleaner Concentrate 40X manufacturing by Swadesh International is a highly thick and concentrated solution. The dilution Ratio of TCC 40X is 40kg Toilet cleaner from 1 kg Concentrate after Adding HCL & Water.

Ingredient	Proportion
TCC40X	1 KG
DM Water	29 KG
HCL	10 Kg

pH Range :- ph range :8-9  
 Available Flavour :- customized  
 Available Pack Size :- 50kg, 200 kg, 1 Ton IBC

scan QR code  
for watching  
formulation video

1.3

## Toilet Cleaner Concentrate 20X

Toilet Cleaner Concentrate 20X, manufactured by Swadesh International, is highly thick and concentrated solution. Dilution Ratio of TCC 20X is 20kg Toilet cleaner from 1Kg Concentrate after Adding HCL & Water.

Ingredient	Proportion
TCC20X	1 KG
DM Water	14KG
HCL	5 Kg

pH Range :- ph range :8-9  
 Available Flavour :- customized  
 Available Pack Size :- 50kg, 200 kg, 1 Ton IBC

scan QR code  
for watching  
formulation video

## 2 DETERGENT LIQUID CATEGORY

---

## 2.1

### Liquid Detergent Concentrate 5x

Detergent Liquid Concentrate 5X, manufactured by Swadesh International, is highly thick, Effective and concentrated solution. Dilution Ratio of DLC 5X is 5kg Detergent Liquid from 1Kg Concentrate after Adding Water.

Ingredient	Proportion
DLC 5X	1 Kg
DM Water	4 KG

pH Range :- ph range 7-7.5  
Available Flavour :- customized  
Available Pack Size :- 50kg, 200 kg, 1 Ton IBC

scan QR code  
for watching  
formulation video

## 2.2

### Detergent Liquid Extra Premium Quality Concentrate 5x

Detergent Liquid Extra Premium Quality Concentrate 5x, manufactured by Swadesh International, is highly thick, Effective and concentrated solution. Dilution Ratio of DLC 5X is 5kg Detergent Liquid from 1Kg Concentrate after Adding Water.

Ingredient	Proportion
DLC 5X	1 Kg
DM Water	4 KG

pH Range :- ph range :7-7.5  
Available Flavour :- customized  
Available Pack Size :- 50kg, 200 kg, 1 Ton IBC

scan QR code  
for watching  
formulation video

## 2.3

# Woolen Wash Liquid Concentrate 5x (With Foam, Easy Type)

Woolen Wash Liquid Concentrate 5X, manufactured by Swadesh International, is highly thick, Effective and concentrated solution. Dilution Ratio of WWLC 5X is 5kg Woolen wash liquid from 1Kg Concentrate after Adding Water.

Ingredient	Proportion
WWLC 5X	1 Kg
DM Water	4 KG

**pH Range** :- ph range: 6-7  
**Available Flavour** :- customized  
**Available Pack Size** :- 50kg, 200 kg, 1 Ton IBC

scan QR code  
for watching  
formulation video

## 2.4

# Fabric Conditioner & Softener Concentrate 5X

Fabric Conditioner & softener Concentrate 5x, manufactured by Swadesh International, is highly thick, Effective and concentrated solution. Dilution Ratio of FCC 5X is 5kg Fabric Conditioner & softener from 1Kg Concentrate after Adding Water.

Ingredient	Proportion
FCC 5X	1 Kg
DM Water	4 KG

**pH Range** :- ph range 6-7  
**Available Flavour** :- customized  
**Available Pack Size** :- 50kg, 200 kg, 1 Ton IBC

scan QR code  
for watching  
formulation video

### 3 DISH WASH CATEGORY

---

## 3.1

### Dish Wash Gel Concentrate 5X

Dish wash Gel Concentrate 5X, manufactured by Swadesh International, is highly thick and concentrated solution. Dilution Ratio of DWC 5X is 5kg Dish wash Gel from 1Kg Concentrate after Adding Water.

Ingredient	Proportion
DWC 5X	1 KG
DM Water	4 KG

pH Range :- ph range :6-7  
Available Flavour :- customized  
Available Pack Size :- 50kg, 200 kg, 1 Ton IBC

scan QR code  
for watching  
formulation video

## 3.2

### Dish Wash Gel Extra Premium Concentrate 5x

Dish wash Gel Concentrate 5X, manufactured by Swadesh International, is highly thick and concentrated solution. Dilution Ratio of DWC 5X is 5kg Dish wash Gel from 1Kg Concentrate after Adding Water.

Ingredient	Proportion
DWC 5X	1 KG
DM Water	4 KG

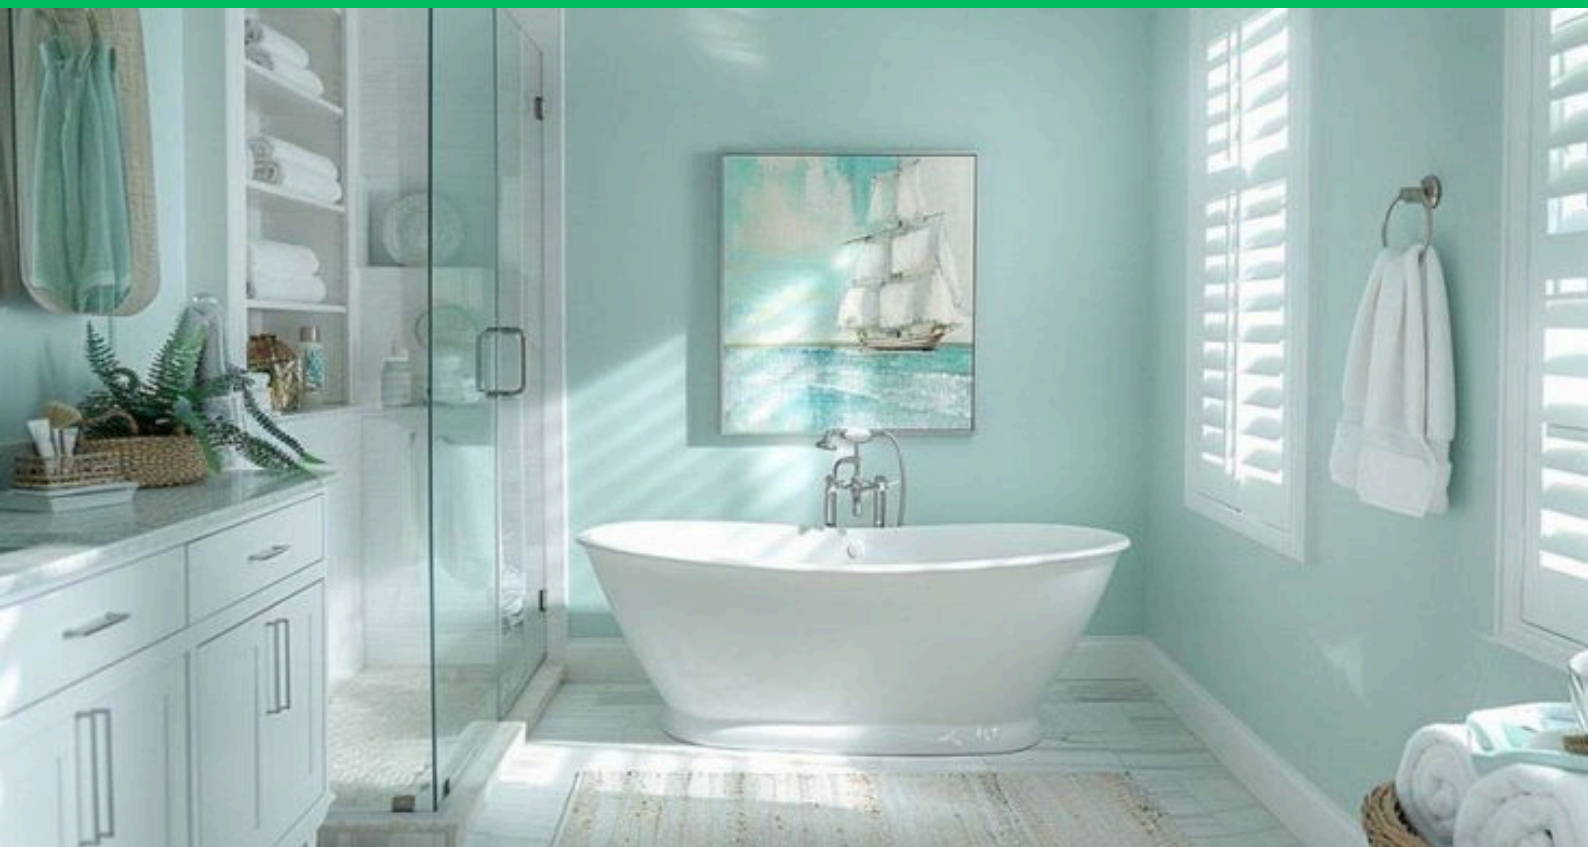

pH Range :- ph range :6-7  
Available Flavour :- customized  
Available Pack Size :- 50kg, 200 kg, 1 Ton IBC

scan QR code  
for watching  
formulation video

## 4 BATHROOM CLEANER CATEGORY

---

## 4.1

# Bathroom Cleaner Concentrate 5X

Bathroom Cleaner Concentrate 5X, manufactured by Swadesh International, is highly thick and concentrated solution. Dilution Ratio of BCC 5X is 5kg Bathroom cleaner from 1Kg Concentrate after Adding Water.

Ingredient	Proportion
BCC 5X	1 KG
DM Water	4 KG

pH Range :- ph range :2-2.5  
Available Flavour :- customized  
Available Pack Size :- 50kg, 200 kg, 1 Ton IBC

scan QR code  
for watching  
formulation video

## 5 GLASS CLEANER CATEGORY

---

## 5.1

# Glass Cleaner Concentrate 30X

Glass Cleaner Concentrate 30X, manufactured by Swadesh International, is highly Effective and concentrated solution. Dilution Ratio of GCC 30X is 30kg Glass Cleaner from 1Kg Concentrate after Adding Water.

Ingredient	Proportion
GCC 30X	1 KG
DM Water	29 KG

pH Range :- ph range :6-7  
Available Flavour :- customized  
Available Pack Size :- 50kg, 200 kg, 1 Ton IBC

scan QR code  
for watching  
formulation video

## 6 FLOOR CLEANER CATEGORY

---

## 6.1

# Mop Floor Cleaner (Perfumed) Concentrate 10X

Mop Floor Cleaner (Perfumed) Concentrate 10X, manufactured by Swadesh International, is highly Effective and concentrated solution. Dilution Ratio of FCC 10X is 10kg Mop Floor Cleaner (Perfumed) from 1Kg Concentrate after Adding Water.

Ingredient	Proportion
MFCC 10X	1 KG
DM Water	9 KG

pH Range :- ph range :6-7  
 Available Flavour :- customized  
 Available Pack Size :- 50kg, 200 kg, 1 Ton IBC

scan QR code  
for watching  
formulation video

## 6.2

# White Floor Cleaner Concentrate 25X

White Floor Cleaner Concentrate 25X, manufactured by Swadesh International, is highly Effective and concentrated solution. Dilution Ratio of WFCC 25X is 25ltr white floor cleaner from 1ltr Concentrate after Adding Water.

Ingredient	Proportion
WFCC 25X	1 liter
DM Water	24 LTR

pH Range :- ph range :7-8  
 Available Flavour :- customized  
 Available Pack Size :- 50kg, 200 kg, 1 Ton IBC

scan QR code  
for watching  
formulation video

## 6.3

### Black Floor Cleaner Concentrate 10X

Black Floor Cleaner Concentrate 10X, manufactured by Swadesh International, is highly Effective and concentrated solution. Dilution Ratio of BFCC 10X is 10kg Black floor cleaner from 1Kg Concentrate after Adding Water.

Ingredient	Proportion
BFCC 10X	1 Kg
DM Water	9 KG

pH Range :- ph range :9-10  
 Available Flavour :- phenolic  
 Available Pack Size :- 50kg, 200 kg, 1 Ton IBC

scan QR code  
for watching  
formulation video

## 6.4

### Green Floor Cleaner Concentrate 5x

Green Floor Cleaner Concentrate 5X, manufactured by Swadesh International, is highly Effective and concentrated solution. Dilution Ratio of GFCC 5X is 5kg Green Floor Cleaner from 1Kg Concentrate after Adding Water.

Ingredient	Proportion
GFCC 5X	1 Kg
DM Water	4 KG

pH Range :- ph range :9-10  
 Available Flavour :- pine+phenol  
 Available Pack Size :- 50kg, 200 kg, 1 Ton IBC

scan QR code  
for watching  
formulation video

6.5

## Walker Type (A Grade) Floor Cleaner Concentrate 5X

Walker Type Floor Cleaner Concentrate 5X, manufactured by Swadesh International, is highly Effective and concentrated solution. Dilution Ratio of WFC 5X is 5kg Floor Cleaner from 1Kg Concentrate after Adding Water.

Ingredient	Proportion
WFC 5X	1 Kg
DM Water	4 KG

pH Range :- ph range :9-10  
Available Flavour :- pine+phenol  
Available Pack Size :- 50kg, 200 kg, 1 Ton IBC

scan QR code  
for watching  
formulation video

## 7 HAND WASH CATEGORY

---

## 7.1 Hand Wash Concentrate 5X(Premium)

Hand wash Concentrate 5X(P), manufactured by Swadesh International, is highly thick, Effective and concentrated solution. Dilution Ratio of HWC 5X is 5kg Hand wash from 1Kg Concentrate after Adding Water.

Ingredient	Proportion
HWC 5X(P)	1 KG
DM Water	4 KG

pH Range :- ph range -5.5-6.5  
Available Flavour :- customized  
Available Pack Size :- 50kg, 200 kg, 1 Ton IBC

scan QR code  
for watching  
formulation video

## 7.1 Hand Wash Concentrate 5X(Regular)

Hand wash Concentrate 5X(R), manufactured by Swadesh International, is highly thick, Effective and concentrated solution. Dilution Ratio of HWC 5X is 5kg Hand wash from 1Kg Concentrate after Adding Water.

Ingredient	Proportion
HWC 5X(R)	1 KG
DM Water	4 KG

pH Range :- ph range -5.5-6.5  
Available Flavour :- customized  
Available Pack Size :- 50kg, 200 kg, 1 Ton IBC

## 8 ROOM FRESHENER CATEGORY

---

## 8.1

# Room Freshener Concentrate 10x

Room Freshener Concentrate Formulations With A High Dilution Ratio. Our Product Is Easy To Prepare And Has Variants Of Synthetic Fragrances In Multiple Packing Sizes For The Convenience And Benefit Of Room Freshener Manufacturers.

Ingredient	Proportion
RFC 10X	1 KG
DM Water	9 KG

pH Range :- ph range -5.5-6.5

Available Flavour :- Fresh Berries Breeze, lavender Breeze, Lemongrass Breeze, Blue Jeans, Mahagoni Breeze, Citrus Breeze, aqua Cool, Sandal Breeze

Available Pack Size :- 5kg, 20kg, 25kg, 50kg

5

## ALOE VERA GEL CONCENTRATE 10X

Aloe Vera Gel Concentrate 10X, manufactured by Swadesh International, is highly Effective and concentrated solution. Dilution Ratio of AVGC 10X is 10kg Aloe Vera Gel from 1Kg Concentrate after Adding Water & Thickener.

Ingredient	Proportion
AVGC 10X	1 Kg
DM Water	9 KG

pH Range :- ph range : 6-7

Available Flavour :- customized

Available Pack Size :- 50kg, 200 kg, 1 Ton IBC

6

## HAIR GEL CONCENTRATE 5X

Hair Gel Concentrate 5X, manufactured by Swadesh International, is highly Effective and concentrated solution. Dilution Ratio of HGC 5X is 5kg Hair gel from 1Kg Concentrate after Adding Water & Thickener.

Ingredient	Proportion
HGC 10X	1 Kg
DM Water	4 KG

pH Range :- ph range : 6-7

Available Flavour :- customized

Available Pack Size :- 50kg, 200 kg, 1 Ton IBC

7

## WINTER CREAM CONCENTRATE 3X

Winter Cream Concentrate 3X, manufactured by Swadesh International, is highly Effective and concentrated solution. Dilution Ratio of WCC 3X is 3kg winter Cream from 1Kg Concentrate after Adding Water & Heating Process.

Ingredient	Proportion
WCC 3X	1 Kg
DM Water	2 KG

pH Range :- ph range : 6-7  
Available Flavour :- customized  
Available Pack Size :- 50kg, 200 kg, 1 Ton IBC

scan QR code  
for watching  
formulation video

8

## ECG GEL CONCENTRATE 10X

Ingredient	Proportion
EGC 10X	1 Kg
DM Water	9 KG

pH Range :- ph range : 6-7  
Available Flavour :- customized  
Available Pack Size :- 50kg , 200kg , 1 tan

scan QR code

9

## NONFOAMING SHAVING GEL CONCENTRATE 10X

Non-Foaming Shower Gel Concentrate 10X, manufactured by Swadesh International, is highly Effective and concentrated solution. Dilution Ratio of NFSGCX is 10kg Non-Foaming Shaving Gel from 1Kg Concentrate after Adding Water & Thickener.

Ingredient	Proportion
NFSGC 5X	1 Kg
DM Water	9 KG

pH Range :- ph range : 6-7

Available Flavour :- customized

Available Pack Size :- 50kg , 200kg , 1 tan

10

## FACE SCRUB CONCENTRATE 3X

Face Scrub Concentrate 3X, manufactured by Swadesh International, is highly Effective and concentrated solution. Dilution Ratio of FCC3X is 2kg Face Scrub from 1Kg Concentrate after Adding Water& Thickener.

Ingredient	Proportion
FCC 3X	1 Kg
DM Water	2 KG

pH Range :- ph range : 6-7

Available Flavour :- customized

Available Pack Size :- 50kg , 200kg , 1 tan

11

## HAIR CONDITIONER CONCENTRATE 5X

Hair Conditioner Concentrate 5X, manufactured by Swadesh International, is highly Effective and concentrated solution. Dilution Ratio of HCC 5X is 4 kg Hair Conditioner from 1Kg Concentrate after Adding Water& Thickener.

Ingredient	Proportion
HCC 5X	1 Kg
DM Water	4 KG

pH Range :- ph range : 6-7

Available Flavour :- customized

Available Pack Size :- 50kg , 200kg , 1 tan
